GUITAR PICKS

CRYSTALPRODUCTIONS
MERCHANDISE FACTORY

Choose your picks!

Choose your favourite pick thickness and SHAPE! The colour of the picks or the colour of the PRINT is a matter of course.

PICK SHAPE: Klasik

print colours: monochrome, multicolour, full colour *

Black	White	Colored	Pearlescent
.50mm	.50mm	.50mm-red	.46mm
.60mm	.60mm	.60mm-orange	.71mm
.73mm	.73mm	.73mm-yellow	.96mm
.88mm	.88mm	.88mm-green	1.21mm
1.0mm	1.0mm	1.0mm-blue	white, black, blue-black, orange...
1.14mm	1.14mm	1.14mm-violet	
1.50mm	1.50mm		
2.00mm	2.00mm		

The most common shape of the pick used by many musicians. An important factor, however, is the thickness of the pick, which also affects the guitar itself. The choice is really wide, you can choose between black, white, colour and pearl variants of picks. However, keep in mind that you must also take the colour of the print into account!

PICK SHAPE: Jazz
